We all remember Hannah from S Club 7 right? She was the tiny, cute, blonde one that we loved and adored - S Club's answer to Baby Spice.

Well while we've seen a few changes in her look over the last few years, her most recent one is the certainly the most noticeable, and we love it!

She's rocking pink and purple hair, a nose ring and some big black boots - absolutely nailing the rock chick vibe. She appeared on *Lorraine* earlier today to discuss her role in *Casualty* and chatted a bit about the S Club Reunion too. We think she looks stunning!
