

Norris and Parker: Corporate/ private event testimonials

Katie and Sinead performed for us at our business members' event, an audience of over 350 people. They had a challenging brief but were absolutely excellent! The performance was nothing short of brilliant – they managed to share a serious message in a very funny, musical and extremely enjoyable way. The performance was a huge success – people are still talking about it months later with lots of enthusiasm. The girls were a pleasure to work with and I would definitely work with them again.
