

## Paloma Colla'd

■ BGT winners **Collabro** have taken a pop at **Paloma Faith** for slagging off West End musicals on *The Voice*.

Band member **Jamie Lambert** said: "I think she was irresponsible. She's on a platform which is supposed to welcome any artist from any genre."

Jamie also criticised the BBC for sacking **Tom Jones**. He said: "What they did to Tom Jones was disgusting. He's one of the most respected people in the industry and he found out he wasn't a judge by reading the papers. That is horrendous." But he was a

lot more complimentary about last year's *X Factor* champ **Ben Haenow** who has just been axed by his label **Sycos**.

Jamie said: "It was clear from the start they were backing **Fleur**. She is doing amazingly well so I guess it shows she was the right person to invest in but it's a massive shame for Ben.

"Sycos take people from TV shows and test if they work. If they don't then they are dropped.

"They are quite upfront and honest about it."

**Collabro** start a 29-date UK tour next month. See [collabroglobal.com](http://collabroglobal.com).
