## A LOTT OF OUTFITS...

Pixie Lott obviously couldn't decide what to wear at her intimate gig at the London Hard Rock Cafe - so she picked three outfits and looked hot to trot in each. The 24-year-old sashayed in wearing a pink PVC frock (à la Kim Kardashian), channelled her inner rock chick on stage in metallic hot pants and lace, then headed home in a preppy air-stewardess get-up. We bet model boyfriend Oliver Cheshire could hardly keep up.
