 **PIXIE LOTT** scrubbed up rather well for the opening night of *Breakfast At Tiffany's* in Leicester. The 26-year-old pop star is playing Holly Golightly in the new stage production and earned some decent reviews for her first turn as the character made so famous by **Audrey Hepburn**. Pixie's pitch perfect rendition of *Moon River* gained particular praise from a number of theatregoers. Tonight sees the final performance of the play at Curve theatre in Leicester but you can catch it at Birmingham's Alexandra Theatre from April 18 to 23.
