WHAT WE'RE ALL SAYING

Len's Pixie axe was Lott of nonsense

How ridiculous that Len Goodman didn't save Pixie Lott on Strictly Come Dancing. I thought the whole point of Sunday's show was that the best dancer could be kept in.

Why should it all be just on that one dance? After all, Pixie and Trent Whiddon did win the 'waltzathon'. The viewers have been robbed of what I'm sure would have been more fantastic performances from Pixie and Trent.
