

## BEC'S LABOUR OF LOVE

NO ONE can accuse REBECCA FERGUSON of slacking.

The former X Factor contestant is promoting her new album *Lady Sings The Blues* just two and a half months after giving birth to her third child.

Rebecca – described as the best voice to have ever come out of the X Factor – put her spin on BILLIE HOLIDAY's hits for the record while heavily pregnant.

She said: "I have to go back to work, I've got bills to pay. I could have delayed this album but I think it's better to get on with it. I had to keep having naps while I was in the studio."

Let's hope any snoring has been edited out ahead of its March 9 release.
