

BEC'S APPEAL

NO song is too big for the sultry tones of **REBECCA FERGUSON**. She performed her new album *Lady Sings The Blues* at the St James Theatre in London. The 2010 X Factor runner-up's take on jazz standards such as *Get Happy* and *Summertime*, mostly associated with her idol

BILLIE HOLIDAY, had Monday's intimate audience transfixed. In this centenary year of Billie's birth, Rebecca, *right*, really managed to "make the songs her own" to use an X Factor cliché. She even joked about the parallels between her and Billie's personal lives without ever losing her composure. A class act.
